

ABOUT PLUM LIBRARIAN LLC ::

Sonya Schryer Norris

librarian@sonyanorris.com :: plumlibrarian.com

I founded Plum Librarian LLC in 2020 as a library consulting firm and instructional design production house.

I spent 16 great years in Statewide Services at the Library of Michigan. I have served as the Niche Academy administrator for Michigan, California, and Virginia, providing continuing education solutions for library staff around the country. I have over two dozen online courses to my credit in over 100 Niche Academies in all 50 states and internationally. 2023 feedback: One of the most fluent speakers I've ever heard/seen online. We've been using Niche for staff training and Sonya just gave us the best possible plan for this in less than an hour. SO very grateful! and Bravo!
